### PLANNED TELEPHONE SERVICE!

Telephone service . . . like gas, water and electrical facilities . . . should be planned in advance. Telephone wiring can be as modern and inconspicuous as plumbing and electrical work if provisions for it are made before your home is built.

Concealed wiring through the use of conduit, which is ordinary pipe, enables you to have built-in telephone outlets... neat little plates which assure preferred telephone instrument locations and which will add much to the living comfort and convenience of your home-to-be.

Conduit placed in walls and floors by the contractor at the time of construction eliminates exposed wiring on baseboards and moldings and reduces the possibility of interruptions to your telephone service. Costs are nominal. Remember, the telephone company provides all needed wires and wiring work—you merely have the conduit installed.

Your telephone company will be glad to consult with you without cost or obligation and make recommendations for built-in conduit. Just call our business office and ask for "Architects' and Builders' Service,"

ARCHITECTS, CONTRACTORS AND BUILDERS ARE INVITED TO CALL UPON US FOR ASSISTANCE IN PLANNING TELEPHONE FACILITIES.

Our alm is to render up-to-the-minute Scientific and Specific Chiropractic Health Service. The Neurocalometer and X-Ray enables us to get the worse cases better in shorter time. The Neurocalometer shows us where to adjust, and when to adjust and when not to adjust. We are interested in problem and difficult cases

The Hole-inone Health Service Technique Is No Guesswork

THREE VITAL QUESTIONS

THREE VITAL QUESTIONS

1st — Where is the LOCATION! The Neurocolometer PROVES.

2nd — WINV is the PONNIJENN of the subhuxation? The X-Ray PROVES.

3rd — The odjustment corrects position and
releases pressure. IEEALTH is the result.
LUCATION and POSITION — both are
vitally assential. The Nourocolometer
extensives. LUCATION. The X-Ray
extensives.

#### REGULATIONS

#### APPLICATIONS

Applications for original establishment of service must be made on the Telephone Company's standard application forms. Requests from subscribers for additional service, equipment, etc., may be made orally or in writing, and upon approval, or installation of the service, become a part of the original application. An applicant for service must pay all previous indebtedness to the Company for telephone service before service will be furnished.

#### ESTABLISHMENT OF CREDIT

In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish his credit in a manner prescribed by the tariff.

#### OWNERSHIP AND USE OF THE EQUIPMENT

Equipment, instruments and lines on subscriber's premises, furnished by the Telephone Company, shall be and remain the property of the Telephone Company, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, or repairing the instruments and lines or for the purpose of making collections from coin boxes and, upon termination of the service. For the purpose of removing such instruments and lines. Such equipment is not to be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any tall or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Telephone Company.

Subscribers must not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Telephone Company without the written consent of the Telephone Compony, or permit the attachment of any advertising devices, except upon the approval of the Telephone Company. In case any instrument, apparatus, or device of any kind other than that furnished or approved by the Telephone Company is attached to or connected with any part of the Telephone Company's property, the Telephone Company shall have the right to remove such instruments, apparatus, or devices are so attached or connected, or to

#### INTERRUPTIONS TO SERVICE

If service is interrupted for more than 24 hours, for causes other than the negligence or willful act of the subscriber, credit will be allowed when requested by subscriber, at the minimum rate for the telephone facilities and class of service affected by the interruption, for such time as the interruption continues. No other liability shall attach to the Company in consideration of such service interruption.

#### TELEPHONE NUMBERS

The subscriber has no property right in the telephone number or any right to continuance of service through any par-

ticular central office. The Telephone Company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it desirable in the conduct of its business so to do.

#### TELEPHONE DIRECTORIES

Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of the telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories lost, destroyed, defoced, or mutilated while in possession of subscriber.

No liability arising from errors or amissions in the making up or printing of its directories shall attach to the company except in the case of charge listings, in connection with which its liability shall be limited to a refund at the monthly rate for each listing for the time an error or omission continues after reasonable notice in writing to the Company.

#### USE OF SERVICE

Subscriber telephone service is furnished only for use by the subscriber, his family, employees, or business associates, or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily subleasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the subscriber may make use of the service.

#### PAYMENT FOR SERVICE

The subscriber is required to pay, in accordance with the Telephone Company's established tariffs, collection and billing practices, all charges for exchange service and equipment, and for all toll messages or service rendered to his station, including all toll messages on which the charges have been reversed and accepted by any party of his station. All bills are due when rendered and are payable at the Telephone Company's business offices.

#### BILLS ARE RENDERED ONCE A MONTH

and are payable at the office of the Company. If not poid on an before the fifteenth day after issuance of the bill, written notice calling attention to that fact will be sent to the subscriber; after which action the service may be discontinued, without further notice, if a settlement of the account is not made by the seventh day.

When settlement of the bill is made before telephone in

When settlement of the bill is made before telephone instruments have been removed from the prémises, service will be restored upon payment of a restoral of service charge. When settlement of the bill is not made until telephone

When settlement of the bill is not made until telephone instruments have been removed from the premises, the regular service connection charge applies.
